Re: Privacy Act Request NGC08-202

Dear Mr. Hughes:

This is in response to your Privacy Act request of July 10, 2008, for all records prepared, received, transmitted, collected and/or maintained by the National Archives mentioning Mr. Hughes. Your request was received in this office on July 14, 2008, and assigned tracking number NGC08-202.

The National Archives and Records Administration (NARA) maintains 38 Privacy Act systems, covering records maintained on National Archives staff, contractors, volunteers, researchers and other individuals that are affiliated with the agency. If you have never been affiliated with the National Archives through employment, or if you have never contacted the National Archives as a donor or researcher, it is unlikely that we maintain any operational records referenced under your name. To determine the kinds of records we maintain, I have included a list of the Privacy Act Systems maintained by NARA. If you feel that you would fall into one or more of these systems, please indicate which systems and we will conduct a proper search involving the dates mentioned in your original request.

Please let us know if we may be of further assistance.

Sincerely,

JAY OLIN
Deputy FOIA Officer
Office of General Counsel
